

anytime, anywhere...it's all in your hand

Home Automation Switching on your home appliances while you're away. Possible?

人在外地又想回家前先把電器開了！
可以嗎！？

Home Automation Module

Making Life Simpler with Home Automation

Home Automation Module works by minimizing the hassle and simplifying mundane, repeated tasks at home. Let your home appliances run according to preset automation schedule and programmable timers so you can focus more of your time and energy on what matters more to you. Thanks to the 4-point home automation module, you can now easily control your home appliances from centralized keypads or your mobile phone wherever you go.

Home Automation Series
